

## **BWI Membership Report - Year Ended 31 December 2019**

I am pleased to report to the Ballarat Writers Inc. (BWI) Committee and our members that our membership continues to creep upward year by year. This is a sign of a healthy organisation.

In 2017 we had about 92 members.

In 2018 we had about 102 members.

In 2019 we had about 109 members.

Unfortunately, my Membership Co-ordinator's data-base became corrupted toward the end of the year, almost certainly by my own activities. This has meant that I am unable to give a detailed breakdown of memberships for 2019. I apologise for my error/s and I hope that the Membership Co-ordinator for 2020 will be able to avoid such blunders.
